REASONS FOR ALLOWANCE

1. This Office Action is responsive to the Amendment filed on 11/15/04.
2. Claims 25-35 are allowed.
3. The following is an examiner's statement of reasons for allowance:

References (6038250), (5910948), (6370134), (6167056), (6044074), (5673260), (5442662) and (6167037) are additionally cited because they are pertinent to the claimed invention.

-Regarding to independent claim 25, none of prior art of record teaches or suggests a method comprises, in combinations, steps of using a second spreading code which is shorter than a first spreading code to receive a spread-spectrum signal keyed with the first spreading code; correlating the spread-spectrum signal with the second spreading code; and selecting the second spreading code to be as short as possible to still enable messages to be received with sufficient quality and reliability.

-Regarding to independent claim 30, none of prior art of record teaches or suggests a method comprises, in combinations, steps of using a second spreading code which is shorter than a first spreading code to receive a spread-spectrum signal keyed with the first spreading code at a receiver; and correlating the spread-spectrum signal with the second spreading code, wherein individual facilities of the receiver are at least one of intermittently turned off and operated at a lower clock frequency due to the second spreading code being shorter than the first spreading code.

-Regarding to independent claim 34, none of prior art of record teaches or suggests a method comprises, in combinations, steps of using a second spreading code which is shorter than
